

## Water Leak Repair Policy

Property Location:
Bullard, Texas 75757
In the event that the Emerald Bay Municipal Utility District investigates a water leak at th above location, the property owner acknowledges the following:
If, after the investigation is completed, it is determined that the leak is on the property owner's side of the water meter then the owner is aware that he/she will be billed for all investigation time in excess of one (1) hour at a rate of \$80.00 per hour:
Furthermore, once the actual location of the leak is identified, the property owner acknowledges that if the leak <u>is on the owner's side of the meter</u> that he/she is responsible for all repairs including all investigation time logged by District personnel over one (1) hour:
If it is determined that the leak <u>is on the District's side of the meter</u> the total cost of investigation and repairs shall be borne by the District.
Definitions:
The <u>property owner's side of the water meter</u> is defined as any valve, fitting, pipe, hose, joint or any other type of device responsible for the delivery of water to the property owner that is <u>past the discharge side of the water meter.</u>
The <u>District's side of the water meter</u> is defined as all parts of the water distribution system <u>up to and including the water meter</u> . All parts of the water distribution system <u>up to and including the water meter</u> are the <u>property of the District</u> and the District is responsible for the repairs and maintenance of District property.
